John Sufie
Charles Taylor

October 1, 2009

Dear Parents and Guardians,

The flu season is quickly approaching and it is important to keep you informed as to what procedures Lansing School District 158 has in place. Any students exhibiting flu-like symptoms such as coughing, sore throat, nausea, lethargy and fever will be assessed by our school nurse/health aide, parents will be contacted and the student may be sent home. Those children with flu-like illness should stay home for at least 24 hours after they no longer have a fever, or signs of a fever, without the use of fever-reducing medicines.

Each classroom has practiced and implemented proper hand washing with soap and water and students have been instructed to cover noses and mouths with a tissue when coughing or sneezing. All classrooms have antibacterial wipes. The custodial staff continues to work diligently in the cleaning and disinfecting of desks, tables, door handles, etc. throughout our school buildings.

With the onset of the H1N1 flu last season, our district did not have any reported cases. We will continue to work towards the prevention of the spread of flu viruses. The Illinois State Board of Education encourages parents to have their children vaccinated against seasonal flu and H1N1 influenza viruses. For more information, please visit www.flu.gov.

Respectfully,

Cecilia Heiberger
Superintendent of Schools
