

Illinois State Science Fair Winners

The Illinois State Science Fair was held Saturday, May 8, 2010 at the University of Illinois. Over 2,000 projects from grade levels 7-12 were on display. Congratulations are in order for the following students who represented Memorial Junior High School that day:

Silver Awards

**Dan Magdaleno – - Computer Science
Jessica Maricich - Physics
Floyd Farkas - Physics
Nick Firantello – - Environmental Science**

Gold Awards

**Simona Stancov -- Chemistry
Kyle Roe -- Environmental Science**

Both Nick Firrantello and Kyle Roe captured the coveted national environmental science HOPE Award (Hero of Planet Earth)

Nick also received a \$100.00 savings bond from an excellence award from the IEPA (Illinois Environmental Protection Agency). He also received another \$200.00 savings bond from the IWEA (Illinois Water Environment Association) for winning the Clean Water Award honorable mention.

We had a great tour of the campus on Friday and our six state students did really well at this highest level!!
